

Oracle Securities Pvt. Ltd.

## **Transposition cum dematerialization**

In case of transposition-cum-dematerialisation, client can get securities dematerialised in the same account if the names appearing on the certificates match with the names in which the account has been opened but are in a different order.

For example: if demat account is opened in the name of A, B, C and share certificates are held in the names of B, C, A then these securities may be dematerialised in the same demat account.

Transposition is done by submitting the share certificates along with the Transposition Form and Demat Request Form.
